## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Marquez on 9/15/2006.

The application has been amended as follows:

## IN THE CLAIM

Re. Claim 1: After the phrase "the MR element" as recited in line 13, insert the phrase –and a height of the flux guide--.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as a height of the magnetic shields is less than a distance from the air bearing surface to the MR element and less than a height of the flux guide. The closest reference of Takada et al. teach the magnetic shield part is formed on a basic surface of the magnetic head opposite a magnetic recording medium and a height of the magnetic shields appears to be less than a distance from the air bearing surface to the MR element as shown in Fig. 15. However, the height of the magnetic shields is greater than a height of the flux guide. Therefore, it would not be obvious to modify Takada et al. by modifying the height of the magnetic

Application/Control Number: 10/679,289 Page 3

shields to reduce and lower than a height of the flux guide, since doing so would destroy the structure of the MR element of Takada et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

- 3. Claims 1, 2 and 4 are allowed.
- 4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D. Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Thursday between 6:00 AM to 2:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
